

DuPont™ AquaMax™ XL

COOL CELL PAD CLEANER AND DESCALER

DuPont™ AquaMax™ XL Cool Cell Pad Cleaner and Descaler:

- Phosphate free
- For use in cleaning and descaling cool cell pads
- For use in poultry, turkey, swine, cattle and other animal confinement facilities
- Contains no muriatic, nitric, sulfuric, mineral or oxidizing acids
- Excellent end-use compatibility with DuPont disinfectants
- Formulated with biodegradable detergents and organic acids

COMPONENTS

Components	CAS No.
Water	7732-18-5
Surfactant	—
Organic Acid	—

FOR INDUSTRIAL AND COMMERCIAL USE ONLY

KEEP OUT OF REACH OF CHILDREN WARNING

NET CONTENTS: 1 Gallon (3.78L)

FIRST AID

IF INHALED: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Call a physician.

IF ON SKIN OR CLOTHING: Flush skin with water after contact. Wash contaminated clothing before reuse.

IF IN EYES: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.

IF SWALLOWED: If swallowed, do not induce vomiting. Immediately give 2 glasses of water. Never give anything by mouth to an unconscious person. Call a physician.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

For 24-hour emergency information on this product, call 1-800-441-3637 (US & Canada) or 1-302-774-1139(all other areas).

PRECAUTIONARY STATEMENTS

WARNING: Contains surfactants and organic acids. This product is intended to be diluted before using. Concentrate causes severe eye irritation. May cause nose and throat irritation. May be harmful if swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Wear safety glasses. Where splash potential exists, wear chemical splash goggles. Where there is potential for skin contact have available and wear as appropriate impervious gloves, apron, pants and jacket. Wear NIOSH approved respiratory protection, as appropriate. Do not take internally. Use and store only with adequate ventilation. Wash thoroughly after handling.

CHEMICAL AND PHYSICAL HAZARDS: This product is a formulated acidic detergent solution; contamination with other materials such as chlorine, chlorine-bearing compounds, organic chemicals, etc., may cause a dangerous chemical reaction. Keep all chemical and foreign materials away from this solution.

STORAGE AND DISPOSAL

Store in original container, in areas inaccessible to children. Keep container tightly closed. Do not store on side. Avoid creasing or impacting of side walls. Do not reuse empty container. Discard in trash or recycle.

DIRECTIONS FOR USE

CLEANING COOL CELL PADS (RECIRCULATING

SYSTEMS): Assure pads are in washable condition. With pump on, add into the sump tank 1/2 ounce of product per gallon of water (4 ml/ L). Allow maximum circulation of treatment through the pads for at least one hour. Treatment of heavily soiled pads may take longer, but should not exceed 24 hours. Wash pads with low-pressure garden hose. Drain all water from the system including reservoirs, sump tank and filters. Refill the tank with clean water. To control algae and slime, use an appropriate DuPont disinfecting solution. Consult your DuPont Technical Representative for recommendations.

CLEANING COOL CELL PADS (FOGGING SYSTEMS:

Assure pads are in washable condition. Turn pump to pad off. Wet pads with water and then saturate the pad with a solution of 1 gallon of product mixed with 25 gallons of water (4 L / 100 liters). If possible, let stand for at least one hour. Wash pads with low-pressure garden hose or water under pressure. To control algae and slime, use an appropriate DuPont disinfecting solution. Consult your DuPont Technical Representative for recommendations.

BEFORE USING, READ THE MATERIAL SAFETY DATA SHEET (MSDS) FOR THIS PRODUCT.
